

„Hot Springs“ (5kmfar from Kapkuikui)

**The Lord has done this,
and it is marvellous in our eyes.
The Lord has done it this very day;
let us rejoice today and be glad.**

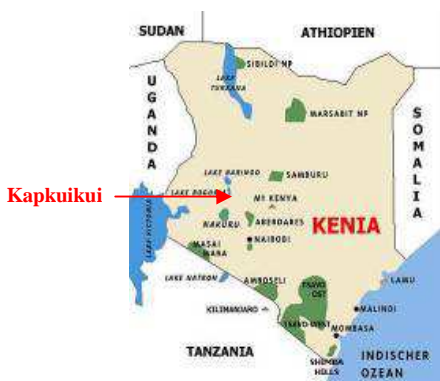

Psalm 118: 23+24

Traditional House in Kapkuikui

Dear friends and family members,

Today we are writing to you a last time from Tanzania, because our time with FORM is now coming to an end. We have started to work with FORM with the aim to found a children's home for street children. After almost one year we got to know that our aims are not the aims of FORM. FORM has a nursery and a primary school with four classes for the moment and the priority of FORM is to continue to build the school. Also FORM is caring for 63 orphans and half orphans. But in the last year we realized that the leadership is not able to handle over this ministry in our hands. Also FORM doesn't have a licence to start a new project among street children and therefore even the basis to found a children's home is not there. Therefore we decided in December to look for another ministry. In our holiday we went to Kenya to look for another ministry for us.

In the surrounding of Nakuru we were looking for different children's homes, but we could not imagine to work there. Then I (Dani) was remembering why I was coming to Kenya in 2011: I wanted to found a children's home at Kapkuikui. 2010 I was there for three weeks to get to know the ministry there and I really enjoyed to be there. When my former mission stopped the project Robert and I were looking for a new ministry and therefore we came to Musoma.

In December I was phoning Peter, the Sunday School Leader at Kapkuikui, and I asked him if the church is still interested in working together with me, but from now on I'm not alone anymore, I'm married to a Tanzanian. ☺ He was very happy and he spoke with the eldership of the church.

After that the eldership of the AIC (Africa Inland Church) Kapkuikui was inviting us for an interview. For me (Dani) it was like coming home. We were welcomed in the church very hearty. Joshua, the chairman, was quoting Psalm 118:23-24 (see above). When he was welcoming us he was telling the church, that it seems to be the will of the LORD for me to come back to Kapkuikui together with my husband.

Two weeks later I was teaching Sundayschool and Robert was even preaching. After the service there was a second meeting with the elders and they decided to employ us from the 1st of March 2013 on.

So God was reminding me on my first call to Kenya and now he has opened the way that I can come back together with Robert. We shared everything with VDM and this week VDM was making a contract with the AIC Kapkuikui. Therefore everything is fine and we can work there.

Robert is preaching in Kiswahili and one elder is translating him into in Kalengjin (Local language in Kapkuikui)

AIC Kapkuikui

The church has a few partner churches in the surrounding of Kapkuikui. We will work in all these churches with three main tasks:

1. Sunday School and Teaching Sunday School Teachers
2. Missionary Outreach
3. Evangelistic lessons at the local churches

All the partner churches of the AIC Kapkuikui have a main service and also a Sundayschool which takes place mostly before the service. At a few churches there is one teacher for Sundayschool, others have more. But most of them are not trained and they don't have materials.

So we will visit those groups and see how we can help the best. We want to teach songs to the children and on Saturday afternoons we want to make a missionary outreach together with them in the local villages.

Sunday School at Kapkuikui

Primary Children at Kapkuikui

In Kenya the government is supporting a mission outreach at the schools. Therefore we want to evangelize at the local primary and secondary schools. At the secondary schools they like to watch movies. Therefore it would be a good possibility to show them movies in the evenings.

Where and what we will work exactly we will find out and report to the eldership of AIC Kapkuikui. Together we will make concrete plans what we will do...

Now we have to prepare our movement:

- We have to pack everything and to look for a cheap lorry for the transport.
- We have to apply for a work permit for both of us.
- We have to apply for a tax-free movement. The taxes would have been very high and that must not be...

We have to sell our Tanzanian car, because we cannot carry it with us to Kenya ☹ The Import of cars which are older than eight years is not allowed... It is really a pity, because now we are looking for another car in Kenya that we will need very urgent for our ministry.

Please pray for all of that and that we have a good settling. The movement will cost us almost 1000€. Please pray also that God will provide everything what we will need. Thanks a lot.

Yours

Robert & Dani
